What is this group about?

This is a society of serious formulators and wanna be formulators who seek a shortcut to their questions and want to discuss their formulation challenges and receive professional tips and advice about individual ingredients as well as the overall formulation.

Who is this group for?

Formulators, cosmetic chemists and wanna be cosmetic chemists who are active in formulating natural cosmetics.

If you are making or want to make conventional hair and skin care this group can not help you much and give answer to your questions. (you are still very welcome to become a member but this should be clear to you that SkinChakra's team is specialized in natural cosmetics and couldn't be much help to you)

What this group does not do:

we do not replace any formulation school. There are several reliable and respectable formulation schools scattered around the globe and we do not replace any of them. If you are already enrolled in a school or plan to enroll, please go ahead with your plan. In this group we discuss fine tuning, tips and knowledge that is not taught or shared in any formulation school.

We do not:

formulate for you

and our recommendations do not replace any stability or challenge test for you. We can however, take your hand and guide you through your formulation journey from repeating recipes to becoming a competent and confident formulator (even if you are not a cosmetic chemist), creating safe, stable and effective products and taking the best out of your ingredients

All question

are to be asked in the members' FB group or the forum. This membership does not include private coaching, mentorship or consultancy. You ask public (inside the membership group) and receive your answers inside the membership group.

You can submit your question per mail or via Facebook message for the monthly Q&A sessions with Elham as well.

Satisfaction guarantee and refund policiy

- 1- There is no refund for single article purchase
- 2- For all subscription programs (1,3 and 6 months), we offer full refund within 14 days. No questions asked. All possible payment and exchange charges are deducted from the sum.

Pricing

	Single article	1m	3m	6m
